Yellow Fish on the Vaal River South Africa 7 nights 6 days fishing
£1390.00 All inclusive Guided by Bob Glynn or Andy Nicholson
The ultimate luxury Fly and Bait fishing trip for Yellow fish on Fly Giant Catfish 200 lb, and Carp to 50 lb

Above a lovely 4lb Yellow fish taken on a Mayfly Nymph, from the Vaal River Near Kimberley South Africa the river was full of shoals at every drop of and run we fished through and my arm ached after the day, I compare it with a Mahseer in power and fight ability but more willing to take a fly than a Mahseer, we are running a number of guided trips in 2009-2010 with stunning scenery the highest standards of

food and accommodation and with a wide variety of fish this venue will suit Fly Fishers and Coarse fishers after large Carp and huge Cat fish reaching 200 lb's in weight, for the family site seeing the game on the Veld on horseback or truck or just, enjoy the local tourist attractions and be pampered at the pool side while catching the sun. Non fishers POA.

RIVER BLADNOCH AND CREE SALMON FISHING COURSES -2009

The Course is held just outside Wigtown and we cover book and stay in either a lodge if 4 people on course or the lodge house or cottages if 2-3 persons on course, you will receive full Spey casting and tactical instruction River craft and given conditions a good chance of your first fly caught salmon if the river rises to high we can spin lures so not losing the day the river is small but a 14ft rod is adequate to

most of the pools and runs and is certainly needed on the Cree, as the river is larger and needs the full power and control of a long rod, I have caught fish to 14lb on the Bladnoch and on some days it is awesome and arguably the best small river on the west coast of scotland. Breakfast Lunch and accommodation is included in cost at £499.00 per person max of 4 only per 3 days. **Ring**

0702-1114746 to enquire about dates.

GOLIATH TIGER FISHING TRIPS TO THE CONGO 2009-2010

The mysterious Congo we sent 15 people there last year and they all came back without any problems, this is an expedition and is full tented in the jungle its a once in a lifetime opportunity to have the chance to catch one of these guys generally live bait is used but in certain shallower lies will take a fly lure and a plug spoon etc. We fly into Kinshasa and are met and collected from the airport By our Belgian operators Michel and Lydia taken to a 3 star decent hotel and rest up ready for the trip upstream to the Black River.

August available there are 3 others on the trip current plus myself (Bob Glynn). cost for the 2 weeks is £3600 so not cheap a week is £2600 which is 8 days.

The river provides many other species but our main focus is on 'Goliaths' no point in traveling all the way for the wrong species, the jungle at night is awash with sound and its quite magical sitting around the camp fire after a hearty evening meal.

You will need all your jabs i.e. Yellow fever, hepatitis A,B, and a tetanus booster plus ensure you bring malarial tablets!

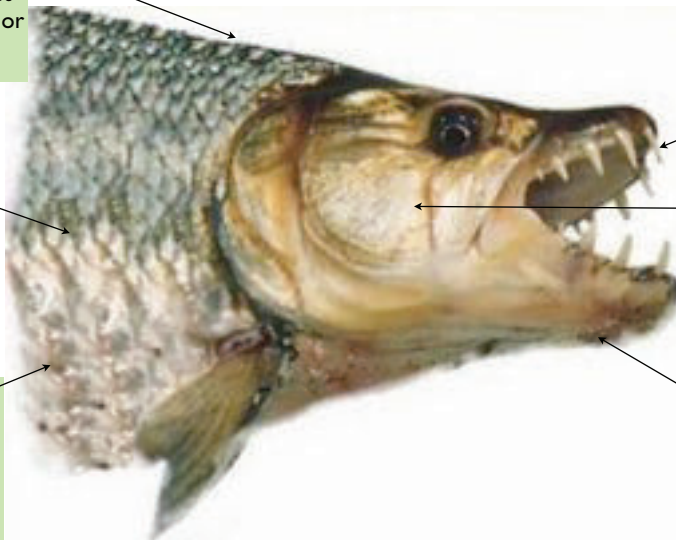

*Feugiat: Duis aute in voluptate veli
Liber: Pruca beynocguon doas no nam liber te conscient to factor tum.*

We do fish in the afternoon but do need 2 days for traveling its 5.30 days fishing, flight cost is around £900.00 but some late deals are always about, we have 2 places from the 3rd August -17th

To book ring me on 0702-1114746 and we will also email you a full brochure with trip details best time end July -November in full dry season!!!

THE BUSINESS END OF A GOLIATH TIGER FISH

They jump and produce searing runs one of the best game fish in the world salt or fresh water

This is 'endomundo' for prey fish with razor sharp 4-5 inch teeth it shreds 24 strand wire like candy floss.

Lateral Line picks up vibration from injured or moving fish

Sensor's along the sharp gill plate pick up vibration

They grow to a 100 Lbs well they have caught fish of this size and bigger quite frightening to be in the water when he swims past!!

It has a 4000 lb bite down which I assure you can take your leg straight of

YOU WILL NEED A VARIETY OF EQUIPMENT AND WE HAVE A COMPREHENSIVE DOCUMENT YOU NEED TO READ BEFORE TRAVELING WITH US.

You will also need a visa from embassy but first an invitation which we will arrange from the Congo for you to present for your visa its proof of booking and travel dates

**SEA BASS AND MULLET ON THE FLY - DYSINNI ESTUARY
AT THE BROAD WATER.**

3lb mullet. We release all mullet.

4lb Sea Bass A real prize for Andy Steelston on the breakwater where the river runs into the sea.

It was always an ambition of mine to catch Sea bass on the fly my best to-date is a mere 2 lb not a big fish but it took some casting, and most clients who come on our courses its a first, but we do need to be able to single haul the fly line and at best double haul, this means simply increasing line speed so we can distance cast into the

Mackerel which put up a hell of a fight on light gear. Add to that in other locations **Pollack** and we have a full range of

salt water fish in our country to Fish for often not considered or overlooked. 9 weight fly rod is needed.

shoals chasing the bait fish incidental fish are always taken

For Brochure of individual holiday trip and Instruction email :info@nwalesflyfishingschool.com

SEA BASS MAKE UP AND ARTILLERY

Powerful dorsel fin

Powerful tail fin for explosive movement

Lateral line senses prey fish in area

Sharp spine's on top of back can inflict a severe wound be careful when handling seas bass!

Large Fins and keen eye site help to identify prey and propel this fish at short fast bursts into bait fish

Sharp Gill covers can rip your fingers open

A LOVELY 4LB BASS TAKEN ON SPARKLER FLY
Even youngsters can do well as long as there taught well.

SALMON IN NORWAY - SHORT SEASON BUT SERIOUSLY LARGE FISH OPPORTUNITY

Alta Salmon: 56lb's of silver

Gaula Salmon 52lbs both fish
were caught on fly rod.

The Rivers

We cover a vast range of rivers in Norway The Gaula, The Namsen, The Orkla, etc.

We can provide details and information on each specific holiday package as a rule of thumb with flights lodging full board car hire 2 sharing £1500 is a normal figure for most decent beats the Namsen and Alta can go £2500 but, the beats are pretty exclusive.

The rivers are big wide and fast flowing clear as a bell (chalk stream) would be best description with little or no colour in evidence even in heavy water due the stony rocky bottoms they all seem to have.

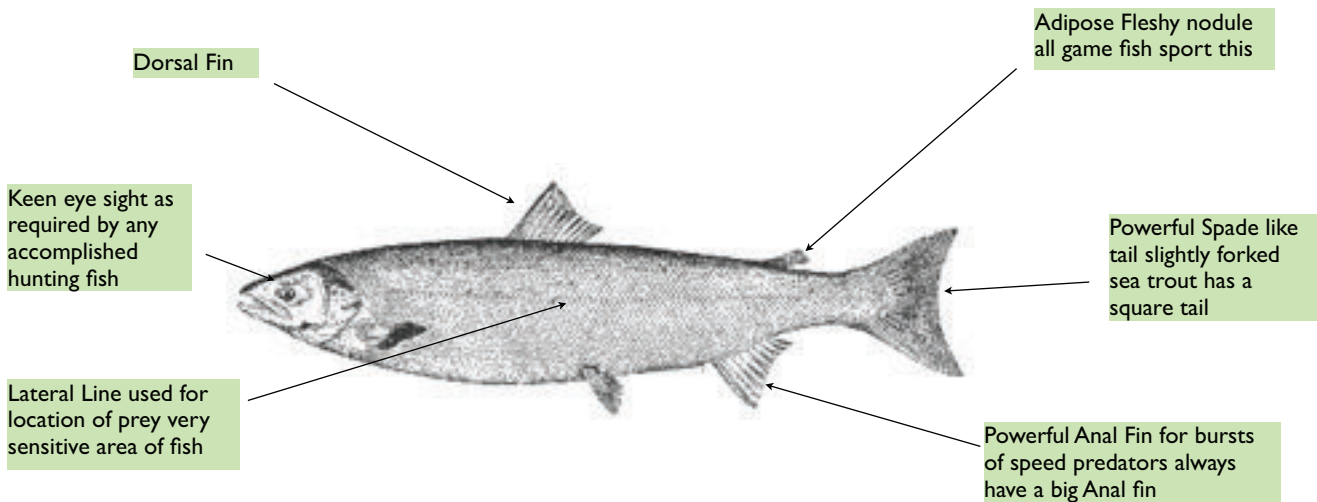

Fishing `equipment' we recommend

A 16' foot double handed rod is the weapon of choice with a shooting headed 12 weight line, leader is sink tip in deeper water and floater with a subsurface middi sink i don't like the fly on the surface its best fished 12" in the water is so clear a fish can see it well a long way of.

`waders and wading stick' are essential these rivers have large rounded boulders and its easy to lose your footing I got it down to a fine art treading water between boulders dont risk it and have a life jacket on at all times please. We want you back for next seasons trip!!

For Brochure details of individual rivers please contact us on 0702-1114746 or email:info@nwalesflyfishingschool.com

THE KING OF THE RIVER 'SALAR' THE LEAPER

COME ON IN GET THAT SALMON OF A LIFETIME
Fly fishing a good run on the Gaula late evening remember you could fish all night if you wanted its still light or just of light like this background colour!!

CANADA -THE FRASER RIVER AT CHILLIWACK

I've done this trip inside out guaranteed salmon and plenty of keeps you busy all day the guides all have fly gear so you just need waders and to turn up! tips are welcomed these guys really work hard for you its civilised its fun and the fish are powerful son's.

are present as well as the honey pot big Silver and multi coloured Kings, this guy below is a sockeye a big one as well.

You have a choice its up to you to stake out for White Sturgeon the neolithic fish and they jump straight out no messing, best we've had is 250 lb clients have taken fish at 650 lb's from the UK but its really what takes your fancy its up to you, good memories last year was breaking my 14ft sage rod on a 25 lb chum biggest I've ever had and the guides say the odd one gets to 30 lb but thats a maximum Pinks run every other year and 2009 is a pink year 40,000,000 run the river no kidding. Swarms of them. Coho

White Sturgeon 650 lb's est. Big sucker
King Salmon. Nice medium sized King salmon.

For Brochure details of individual rivers please contact us on 0702-1114746 or email: info@nwalesflyfishingschool.com

WHAT A GOOD GUIDE IS DESIGNED TO DO FOR HIS CLIENT

Obligatory cap and shades and a good sense of humour thrown in

Salmon had actually stacked up behind him so acts as a Groin

Jet Boat going like stink

Fish Sockeye about 12lb

Net

Ultra clear water sight casting to them is just fantastic (Pitt river)

JET BOAT UP THE PITT RIVER THE DRIVE WAS AS GOOD AS THE FISHING AWESOME SEE THAT DROP ITS AT SOME HEIGHT UP THE MOUNTAIN WE GO.

The Cost for this holiday including flights for 2009 is **at £2350 includes hotel shared breakfast collection airport drop off guides jet boats bait for sturgeon and international flight to vancouver,** we do other packages to terrace so ask for individual brochures of all trips!!

SEA TROUT COURSES

Dusk Fish: 17.5lb fish from Dysinni 2005 my best fish look jow plum she is.

Night time success: Typical Con- way river fish of 2lb and 3lb

Safety. Ensure 2 x torch and spare batteries and wading staff are part of your equipment I also recommend you bring insect repellent in case we fish the it can be bad at times. During these evening sessions you need to be aware of any hazards depths electric pylons on a day-time Recce.

Dress. Warm loose clothing and chest waders are important, as we will be wading up to our groins minimally but better safe than sorry. Rain jacket and warm hat it soon cools down even after a hot day.

Situations

If we have floods we can fish for Salmon also in the day in semi coloured water we often take Sea-trout close to the bank in these conditions or if

it is serious we will head for the right river in the right conditions, even in severe flood last year we had a great day 4 salmon and 2 sea

trout so can be unexpectedly good fishing in severe conditions, just to dangerous at night.

Equipment supplied. but if you have a 6-8 weight rod 9ft 9'6" rod bring it also bring a fluorescent marker pen ill show you why on training, I beach fish and release you may wish to keep so bring a suitable net as we are spread out at night. Bring a flask and pick up sandwiches daily. Day 1 roam casting instruction till 2 and familiarity walk on river bank Day 2 meet at 10pm. Day 3 meet at 10pm Course Summary and handouts given and students de-briefed. Tight Lines: we have superb waters with fish in all conditions.

For Brochure details of individual rivers please contact us on 0702-1114746 or email: info@nwalesflyfishingschool.com

SEA TROUT ANATOMY

When extended, sea trout have a convex tail.

They Have Numerous dark spots even below lateral line

The upper jaw of the fish extends beyond the rear edge of the eye

Sea trout have a relatively broad wrist

The courses are held over 3 nights on either the River's Cothi, Rheidol or Ystath some times the Teifi and East Cleddau. We have obtained **3 miles of fabulous water on the Neath** and on a May visit on the two tidal pools we have on this beat the place was alive with fish - The fishing at night is exciting when you hear fish jumping about landing like paving slabs in the pools cost for our course is **£350 for 3 nights includes all tickets.**

BLUE MARLIN IN MADIERA

Peter Bristow, is the foremost Blue fin Marlin Captain in the world today he has caught some of the great marlin catches over the past 20 years and this is an opportunity to join him on his boat the Katherine B which promises to be 'The Big Game Fishing experience of a lifetime.

The experienced fisher will find you the best Mid-Atlantic big game fishing to be found on Madeira Island.

And for those less experienced fishers and first timer's you will benefit under a watchful eye.

The boat is fully equipped for all your 'Big Game' fish requirements and note we have a policy of 'tag and release' for all Billfish.

Big Blue 700lb fish jumps for joy

1010lb Blue Some serious big guy

For Brochure details of individual holiday please contact us on 0702-1114746 or email: info@nwalesflyfishingschool.com

Target Species

World Record: Blue Marlin, White Marlin, Spear Fish, Wahoo, Blue fin Tuna, Big eye Tuna, Dorado's,

Best Time of Year

For Marlin June July but May onwards who knows in this crazy planet change

anymore. Atlantic Blue Marlin of gigantic size are found from May through October Average size 6-700 lb's world records are taken on a regular basis. And 800-1000 lb's are not uncommon.

Tackle Required

All fishing equipment is supplied at no extra cost Standard equipment 4 x 130 Penn international with extra 80,50, and spinning gear. Anglers need to discuss light tackle or fly rod equipment beforehand. We have two custom harnesses that will fit most anglers from small to extra large XXX large could be a problem! We supply all lures and use a full range of Big T, Fustin Foo, Moldcraft, Bart Miller and Gary Eoff/MarlinMagic; you can bring your own favourite lures but please ask the crew to check the rigging first. I like to fish with SUFIX Hi-Vis Mono Top Shots and Dacron Backing, all supplied by Bass Pro off Shore Angler.

You can bring your own gear but please check with us first.

THE TACTICAL FISH FOR THE MAN WITH PLENTY OF MONEY TO SPEND

Lateral Line for sensing injured and trashing fish its a homing device in truth

The large dorsal fin id for precise manouver's while attacking prey

Seriously powerful tail these fish reach speeds of 50 mph

The bill is for trashing the water in a ball of bait fish the big guy then hoovers up maimed injured fish at leisure.

Travel Arrangements and Accommodation.

Flight into Madeira from the UK have a regular BA service from Gatwick, cost varies from £147 -£270 depending on month- day. TARPON (MEGALOPS MEGALOPS) THE SEA WATER LEAPER

Lives in tropical and warm water sheds mangroves salt and fresh water highly adaptive

Has an air breathing lung so can convert oxygen quickly from the air

Eats a multitude of prey crab to surface birds and has acute eye site

Thin shaped body for sleek travel through water.

Has armour plated mouth and you need to strip strike to set hooks on Fly rod

The fishes launch pad and a member of the bony herring family

SO YOU WANT TO HAVE A GO AT THESE GUYS

Bob Glynn is an expert on Tarpon fishing all methods and has had fish to 245 lb on fly in Gambia site casting to rolling fish 'exciting stuff' be prepared for a long tough battle 9 weight rods for fish to 100 lb max 11 weights will handle anything up to 200 lb 12-13 weights for fish over 230 lb its so you may kill the fish quicker and release it we do not kill tarpon as they are poor eating.

MASTER CZECH NYMPH COURSE IN EITHER CZECHOSLOVAKIA OR SLOVENIA

2009 will be my 9th time fishing in Slovenia in the past 12 years and it cannot come quick enough. I have fished many of the famed rivers such as the Soca, Sava and Krka and have enjoyed the northwestern area most of all. I have put together some information below; you will find information on the rivers, traveling, accommodation and facts about Slovenia.

The Rivers

Rivers in the Tolminska region and their tributaries are a real challenge for fishermen. Diversity of riverbeds, waterfalls and peaceful waters - these are the corners where you can run away from the civilized world.

Within 5km of the hotel there are four beautiful rivers suitable for fly-fishing in the Tolminska region.

The Idrijca flows right in front of the hotel entrance and most of the rooms and apartments have a view over this beautiful river. The Soca River and its lake are located four kilometers from the hotel, Baca, a kilometer away therefore within a walking distance and Trebušica River flows five kilometers from

the hotel.

All these rivers are a natural habitat for Soca trout, brook trout and their cross-breeds, rainbow trout and grayling, which is very appreciated by fishermen.

It is possible to fish in Most Na Soci Lake from a boat that we can provide.

Cost 7 nights 6 days fishing £1350 all inclusive cost includes personal tuition. Minimum party 3. (3 places available 26th July-2nd August)

Czechoslovakia superb rivers in the Samu National Park we run 4 nights 3 days here all inclusive including flights car hire. Ask for CD.

4 nights 3 days fishing £890 per person minimum party 3 if 7 nights 6 days fishing its £1350.

You will be taught some interesting methods based around czech nymphing

For Brochure details of individual holiday please contact us on 0702-1114746 or email:info@nwalesflyfishingschool.com

Czech River: Bernard with a small grayling taken on dry fly

Soca Tributary Czech nymphing in a run see clarity of water amazing!

GRAYLING FISHING AT ITS VERY BEST - MARBLE, BROOK, RAINBOW AND BROWN'S

Grayling are a bar of silver but at breeding time turn dark bronze/silver especially cock fish

The mouth is unusual that the upper lips are protruding unusual in a predator

Large colourful dorsel fin

Adipose Fin which is a common trait of game fish but the Grayling is listed as a coarse fish

COME ON GET BOOKING WE NEED BODIES TO TEACH!!!

The course is geared for 1 year in anglers or intermediate advanced so don't worry we will be able to get you there and the czech nymph method and downstream dragless method's we teach are easy once you have the confidence to listen and put into practice we cant give to much away but come on the course in the UK for £400.00 2 days for an 8 hour per day teach in. Includes accommodation.

CATCH YOUR FIRST BARBEL ON THE FLY - COURSES HELD ON RIVER WYE

Wye Fish 5lb *Lovely streamlined shape*

Dove 6lb'r *Caught czech nymphing on a large caddis bug*

So you fancy something totally different, we can provide an exciting 4 nights 3 days fishing over a week or weekend minimum of 2 anglers maximum of 6. Using a variety of methods but concentrating on fly techniques, we will invariably pick up other fish as a by-product but that adds to the frustration and fun of czech nymphing between weed beds and often site casting flies to protruding heads in the weed the technique is very successful in nailing barbel of a varied size, we find the warmer the weather the better chance we have.

Andy Nicholson will be teaching bait techniques and Bob Glyn Fly techniques both highly experienced Bob is a full time STANIC GAIA instructor and runs North Wales Fly Fishing School, he loves

Barbel on fly and puts them on a pedestal 'I would be able to say that a barbel is one of the hardest fighting fish in fresh water we will encounter I compare it to Goliath Tiger Fish from Africa and Mahseer from India as the best lb for lb fighter'

Okay they are not easy to catch on fly hence the techniques we will teach you it should improve the odds in the anglers favour.

Cost £689 for a 4 night DBB 3 day fishing experience at Caer Beris Manor in Builth Wells, on a private beat of the river Wye hardly fished for barbel May-October only.

For Brochure details of individual holiday please contact us on 0702-1114746 or email: info@nwalesflyfishingschool.com

BARBEL 'A FIGHTING MACHINE' 'TO TEST YOUR ROD AND ABILITIES OUT

Powerful fins make this fish a serious fighter

Dynamic shape plays a major part in its ability to test rod and angler like's a variety of waters

Barbles on head allow fish to find food

A BEAUTY ON THE FLY A PERFECT FIGHTING MACHINE

The course is geared for anglers with a reasonable knowledge of Fly fishing for game species and the concentration is on fly and bait methods would suit coarse anglers as well there's a course currently being run from the 1st -7th of July come all week or choose 3 days in those 7 Andy Nicholson will be running the bait techniques, Bob Glynn The Fly fishing/czech nymphing styles

PIKE ON THE FLY ENGLAND SCOTLAND NORTHERN AND SOUTHERN IRELAND

We have a number of areas throughout the british isles offering all methods of fishing for pike, Andy Nicholson assists on these courses and we can offer a luxury 4 nights 3 days fishing at Belle Isle in **Northern Ireland for around £899.00 all inc.**

for these wonderful fish and there's the chance of a 30 lb fish always, We do try to boat fish where possible and split the group up so that we have a good mix of skills being learned on a daily basis, so if your trout skills are up to scratch why not try the Pike as an adversary on the fly. A 8 weight rod is fine as it has to chuck big flies and we often use sink tips and poppers on floating lines I prefer a line weight of usually 9 with a wire trace to fly or (bird) there big furry feathered things but they work.

If its Wales we use a variety of locations and a similar package is **£450.00** but staying in bed and breakfast accommodation.

Scotland is slightly more expensive but offers high quality accommodation either hotel or Guest house and the cost varies from **£550-£680** for a 4 night 3 day fishing package x 2 guides we can cater for a a minimum of 4 and a maximum of 6 ideally.

We supply all fly and spin equipment if its the first time you have dipped your toe fishing

For Brochure details of individual holiday please contact us on 0702-1114746 or email: info@nwalesflyfishingschool.com

Bob Glynn Belle Isle Pike

Gill, A lovely fly caught fish secret scottish destination.

THE FRESH WATER SHARK BUILT FOR 'SUDDEN SPEED'

Sensors along head pick up vibrations

The Fishes camouflage makes it hard to see in the water and in cover
